4 1203 V3

Floor Care

How to choose the right detergent?

What is the required action ?

What type of floor requires care ?

Because floors are made of different nature, ORAPI HYGIENE developed specific solutions by type of floor (tiles, wood, floorings, plastic floors...):

- To keep their original luster as long as possible
- To provide excellent resistance to traffic, wear and tear
- To ensure brilliant finishing
- To restore shine
- To improve image

Mineral Floors

A 9622 Acterge
One-Step Floor Renovator

Wax and polish remover formulated to provide a quick method of **preparation and renovation of floors** without damaging the surfaces.
Rapid drying. Reduces labour time for maximum efficiency. Renovate very dirty floors.
