## Economy Dishwashing Detergent

### DESCRIPTION

**REBOUND** is a chlorinated low foaming liquid designed for dishwashing machines.

**REBOUND** provides outstanding economy and performance to tackle the toughest proteins, starches and stubborn grime on dishes, glasses and cutleries.

### APPLICATION

**REBOUND** is recommended for dishwashing machines in hotels, restaurants, caterings, F&B outlets and food processing industries.

### PRODUCT BENEFITS

- Higher alkalinity and double strength chlorine to provide extra strength cleaning
- Low foaming properties
- Brightest results (less water spotting and streaks) thanks to an excellent rinse ability
- Contains a sequestrant to ensure excellent performance in hard water
- Eliminates the scale formation within the washing machine
- Better machine performance (less pump trouble)
- Cost effective

### PHYSICAL PROPERTIES

|                               |               |
|-------------------------------|---------------|
| Appearance .....              | Mobile liquid |
| Colour .....                  | Yellow        |
| Specific Gravity @ 20°C ..... | 1.12 ± 0.01   |
| pH (1%).....                  | 12.5 ± 0.5    |

### APPROVALS / CONFORMANCES

### DIRECTIONS FOR USE

Automatically dispensed direct from container to the wash tank of your dishwashing machine through our electronic control dispensing equipment. Our control equipment is installed and preset at 2-5 grams/litre to meet and remove the most stubborn and tenacious food soils. Rinse with potable

NOTE : Care should be taken on aluminium, zinc and its alloys.

#### FOR BEST RESULT

1. Scrape solids away before washing.
2. Spray down left over soils on plates.
3. Wash as soon as possible after use.
4. Keep wash water temperature at 60-65°C.
5. Keep rinse water temperature at 80-85 °C.
6. Use at 2-5 gm per liter in the wash solution.

### STORAGE & SAFETY

15 months, stored in closed original packaging in a cool and dry environment.

When handling, rubber gloves, goggles and overalls should be worn.

Avoid contact with skin and eyes. In case of contact, immediately flush with running water for at least 15 minutes. Seek medical attention. If effects persists. Remove contaminated clothing and wash before re-use.

Avoid breathing mists and vapours. In case of inhalation, remove to fresh air.

If swallowed, rinse mouth thoroughly with water immediately. DO NOT induce vomiting, give water to drink. Seek medical attention. **Keep away from the reach of children**

*For further information please refer to the Material Safety Data Sheet.*
