

DYNATHERM

Liquid Drain Renovator

DESCRIPTION

DYNATHERM is a powerful liquid drain opener designed to dissolve all organic obstructions in floor drains, sinks, traps and also to dissolve rust and lime deposits in drains and traps.

APPLICATIONS

DYNATHERM is ideal for use in commercial kitchens, apartment complexes, industrial plants, hotels, and motels, schools, food processing plants etc.

PRODUCT BENEFITS

- Works fast to clear clogged drains.
- Colour coded.
- Restore and maintain minimum safe drain diameter.
- Does not damage plumbing system.
- Higher density than water - flows quickly to clogged point with minimum loss of concentrated power.
- Controlled action eliminates “flashback”.
- Saves costly repair & expensive downtime.
- Saves labour cost.
- Specially engineered packaging eliminates leakage risk.
- Environmentally safe .

PHYSICAL PROPERTIES

Type.....	Inhibited clear sulfuric drain opener
Color.....	Red
pH.....	Less than 1
Flammability.....	Non-flammable
Toxicity.....	Poison and corrosive to skin and eyes.

DIRECTIONS

DO NOT MIX **DYNATHERM** WITH ANY OTHER CHEMICAL.

- DO NOT USE ON ALUMINUM OR GALVANIZED METAL.
- Remove excess water from toilet or drain.
- Recommended amounts.

NOTE : Since drains vary greatly in size and condition, the following amounts are recommendations only :

DRAIN TYPE	AMOUNT
drains (8-10cm)	1 qt. (950 ml)
Small drains	4 oz. (120 ml)
Toilets	1 pt. (475 ml)

- POUR SLOWLY directly into drain. DO NOT SQUEEZE BOTTLE. DO NOT STAND OVER THE DRAIN WHILE POURING.
- Let stand 5 to 10 minutes. Flush with large quantities of cold water.
- Repeat if necessary.
- **NOTE** : Where drain fails to open due to blockage by glass, plastic, iron or other inorganic material. Use great caution in inserting mechanical cleaning devices since **DYNATHERM** remains active until it has been thoroughly reacted or diluted with large quantities of water. Rinse off equipment thoroughly with water after opening drain.

DANGER: POISON. KEEP OUT OF REACH OF CHILDREN. Contains sulfuric acid. Causes severe burns. Avoid contact with skin, eyes or clothing. Do not add water or any other chemical to this container and do not use where other drain chemicals or bleach are present as violent reaction will occur. Wash hands or any other area thoroughly if exposed to the concentrated liquid or diluted product. If splashed on clothing, remove garments immediately wipe off the acid and wash skin with soap and water.

STORAGE & SAFETY

Two years, stored in closed original packaging in a cool and dry environment.

POISON:

Do not inhale - always use in well ventilated areas.
Irritating to eyes and skin - Wear gloves and goggles.

For further information please refer to the Material Safety Data Sheet.

APPROVALS

DYNATHERM is USDA acceptable for use in sewage and drain lines only of official Meat and Poultry Processing establishments. Original letter of acceptance is on file in the home office.
